Selling 17 Bulls
2 Open Purebred Heifers
4 Bred Purebred Heifers
29 Bred Purebred Cows
58 Commercial Females

Please bring this catalog with you on Sale Day!

Auctioneer Ron Kreis (740) 796-5242

Ringmen Denny Ruff (740) 452-9984
Mel Earich (740) 986-3635

Special Assignment Kenny Lerch (937) 763-9809
Daniel Mitchell (740) 260-4259

Announcements

Any announcements made from the auction stand during the sale shall take precedence over any material printed in this catalog.

Hotels

Comfort Inn (740) 454-4144
Fairfield Inn (740) 453-8770
Hampton Inn (740) 453-6511
Holiday Inn (740) 453-0771
Super 8 (740) 455-3124

Lunch

Lunch will be available at the auction.

Terms and Conditions

The cattle sell under the standard terms and conditions recommended by the American Angus Association.

Performance Information

All EPDs in this catalog are current as of February, 2014. Ultrasound data and updated EPDs will be available on sale day.

Trucking

Every effort will be made to have reliable truckers available sale day to assist purchasers in making arrangements for shipping cattle.

Health of Cattle

All cattle will be accompanied with proper health papers for interstate shipment. All bulls sell with a breeding soundness exam. All cattle are vaccinated with Master Guard 10 HB, Vision 7 with spur and poured for internal and external parasites prior to sale.

Liability

All persons attending this sale do so at their own risk. Muskingum Livestock Auction, Strayer Angus Farms, and personnel helping to conduct the sale do not assume any liability for accidents that may occur in connection with the preparation and conduct of this sale.

Viewing Online

If you're unable to attend the sale in person you can watch it online at Muskingum Livestock's website, <http://www.muskingumlivestock.com>.

Cattlemen,

In the mid 70's there was a band named Bachman-Turner Overdrive that had a hit song titled "You Ain't Seen Nothing Yet". How appropriate for the time we're living in now! Record prices for our production are being offered and paid every day. The long wait for being rewarded for your hard work is finally here. I personally can't think of a group of people more deserving of rewards than yourselves.

This year's offering is weighted heavily on the female end of things. On Sept 11, 2013 my father-in-law Bill Strayer lost his battle with cancer. This along with my open heart surgery last year has made for a very trying, tumultuous year indeed. With all of this, the family has decided to offer more females as the work load is becoming very heavy on myself. This is a herd reduction, not a dispersal. Many good young, cows and bred heifers are being offered. Most are carrying the service of our newest herd bulls thus they are the freshest genetics we have to offer.

Bill and I spent countless hours going over our cattle, analyzing their strengths and weakness. We then searched for the matings that would be most beneficial to our cows and ultimately our customers. You will find that these females carry many, many generations of Strayer breeding. We never were ones to buy cows, instead we focused on buying and using the sons of the best cows we could find. We never were afraid to use our own bulls as we knew their background the best.

This will be a very emotional sale for me to manage. I have put 32 years in working with this cow herd, right beside Bill. Through bad weather, good weather, everyday we were out there working and feeding these cows. You will find them to be good to work with. I only wish I had more pasture, hay ground and health to run these and more cows. I truly love what I am doing.

The phone calls this past year from customers telling of their results at sales has been very humbling. From a set of 240 steers topping a Western sale that had 5500 head offered to hearing of neighbors wanting to buy another neighbors heifers because they were sired by Strayer bulls, these were phone calls that made what Bill and I did worth more than any money received. Your successes were our successes. Thank you all for sharing them with us!

Again, we will be offering some customers' cattle. We believe there will be something for everyone in this sale. The same guarantee holds on bulls, and all animals sell under the suggested terms and conditions set forth by the American Angus Association.

In closing, thank you to everyone who expressed condolences, said a kind word to us, had our family in their thoughts and prayers. You have no idea how comforting that has been to our family and myself. We will charge on!

Sincerely,
Brent English

"The Practical Program"

We are pleased to be offering fifteen heifers right from the Sandhills of Nebraska. These were picked from a group of 230 head and all are one iron cattle. They have all the shots and are calfhood vaccinated. On February 13 the rest of the heifers were sold at the Ogallala Livestock Auction in Ogallala, Nebraska. There were 7,315 head sold that day and the mates to these heifers topped their weight class. All but 25 went back to other ranches for replacements. This is not the first time Facka/Kinspell Ranch has had this happen. Reputation cattle here.

Foresight was the first TC Ranch bull we ever purchased. He has covered all the bases well for us. His calves come into the world most easily, the daughters are quite good cows, he is an udder improver, the growth of the calves are above average and the dispositions are wonderful. Both his dam and grandam are pathfinders. Dam is working for Willer Timber Ridge Farms, IN.

TC Solid is a bull we purchased to bring some frame, power and top maternal traits to our herd. He is a most correct individual with a very good demeanor. The growth his calves are displaying is impressive. His first daughters in production for us have excellent udders and mothering abilities. We anticipate his steer offspring will cut well when harvested. Use this bull if you need more power, frame, maternal, eye appeal and dispositions. He has a maternal brother in the Accelerated AI stud named TC Powerstroke. He is one of their top bulls for weaning weight. The dam of Solid was purchased in the fall of 2008 by Trowbridge Farms, Ghent, NT. She is a pathfinder as is her dam, a rare feat to come across. She is sired by the deceased pathfinder sire Sitz Alliance 6595, a bull now being discovered for his longevity, docility, super females and fleshing ability. Owned with TC Ranch, Franklin, NE.

811 was co-top selling bull of the 2009 TC Ranch Sale. We purchased him and have never had any regrets. He has done everything we have asked of him and then some. Moderate framed, thick, quiet, good bone, very good growth and the daughters are quite good mothers with good udders.

811 walked pastures in Nebraska during the hot summer of 2012 and came home looking better than when he went out. Dru Uden claimed him to be the first bull they ever used that gained weight while breeding! Easy keeping will be a trait of the 811 cattle.

OSU Big Bucks is the bull we chose to bring in outcross genetics to our herd. There isn't any 036, EXT, Precision, or Objective in his pedigree. A member of the Reserve Champion Pen of Three in 2011 for Oklahoma State University, he was admired for his overall appearance and thickness. The muscle pattern was quite satisfactory, disposition top notch and he stood on excellent feet and legs. His first calves are confirming he is a heifer bull.

After Bill and I analyzed the 2012 calf crop, we decided to go after the best son of Right Answer we could find and afford. The mating of Right Answer to our 811 daughters and other cattle on our farm was most impressive.

TC No Question was highly thought of as he was the lead off bull at the 2013 TC Ranch Sale. Impressive individual, quiet and standing on excellent feet and legs. It was only after purchasing him that his EPDs came to our attention. They are as sound as he is.

We are most excited about his maternal potential. He has a maternal brother named TC Aberdeen who is probably the best son of CRA Bextor in existence. We figured any cow who produced that strong of a son was a most powerful cow indeed and we needed a son of her in our program hence we bought No Question.

GUARANTEE

All bulls are sold under the suggested sale terms and conditions of the American Angus Association except as noted below.

Strayer Angus Farms guarantees all bulls selling for \$2000 or more against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull(s). If a replacement is available, he will be provided, or if the buyer prefers, credit toward one bull will be given in the following year's sale, less the salvage value of the injured bull. Under no circumstance will Strayer Angus Farms be liable for more than the net purchase price of any bull. Please notify Strayer Angus Farms as soon as possible, should such an injury occur, to make your claim and arrange your return of the injured bull.

This guarantee does not cover the actual death of the bull. Strayer Angus Farms recommends the purchase of livestock mortality insurance to mitigate this type of loss.

A representative of Harding & Harding will be available sale day.

ALL BULLS ARE FERTILITY TESTED PRIOR TO SALE

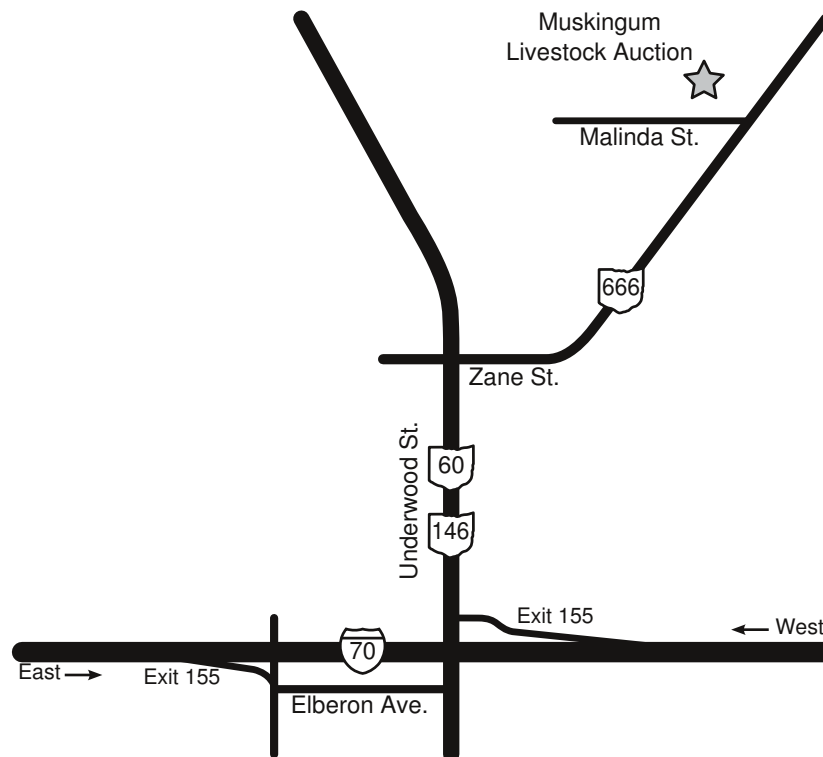

Progeny Sale Offer

To help our customers realize more return from the investment they make with us, we invite anyone who has purchased cattle from us to offer their resulting progeny through this sale in subsequent years at cost. The cattle must meet all standards that Strayer Angus Farms uses to be eligible for the sale. Contact Brent for details.

Directions to Muskingum Livestock Auction

From westbound Interstate 70: Take Zanesville exit 155 (Underwood Street). Turn right at light (Underwood Street). Turn right at next light (State Route 666 N). Go 3/10 mile; on left.

From eastbound Interstate 70: Take Zanesville exit 155 (7th Street). Turn left immediately at end of ramp onto Elberon Avenue. Turn left at light (Underwood Street). Go to second light and turn right (State Route 666 N). Go 3/10 of mile; on left.

We'd like to thank you for looking at our catalog and hope you can make it to the sale. We honestly believe that in the future there will be two distinct classes of cattle. One class will be source verified, quality controlled cattle for the branded programs that our coming our way. These cattle will have past carcass and feedlot performance data, health history that is documented, and genetics that are verifiable. These cattle will sell for a premium. The undocumented cattle will have a market but be discounted. Think about it, if you are a feedlot operator and are going to spend \$1.00 for feeder cattle, what would you buy?

We feel that all the cattle being offered here can produce cattle for these types of programs that are coming in the future.
